

# VA3-F-EX Explosion-proof Fan

## A1 A2L A2 A3

R290, R600a etc.

Noise Reducing Fan Blades

ECM Motor

Sparkless Power Supply

## Safety · Reliability

### Sparkless, Ignition-Proof Design

- Conform to ATEX ETL21ATEX0100X
- Suitable for R290, R600a

### ECM Motor Design

- Electrically integrated control unit
- High reliability

### Low-noise Design

- Noise reducing fan blades

### High Speed Rotation

- Dilute A3 refrigerant concentration faster

|                                |                       |
|--------------------------------|-----------------------|
| Model                          | VA3-F-EX              |
| Voltage                        | 220~240 V             |
| Input Power                    | 32 W                  |
| Air Volume                     | 550 m <sup>3</sup> /h |
| Applicable Ambient Temperature | -30~50 °C             |
| Power Cord Length              | 5 m                   |
| Dimensions                     | 320x420x190 mm        |
| Weight                         | 7.5 kg                |

ATEX No.: ETL21ATEX0100X
