

DATA SHEET

Pressure sensor MAN

ruck.eu
VENTILATOREN

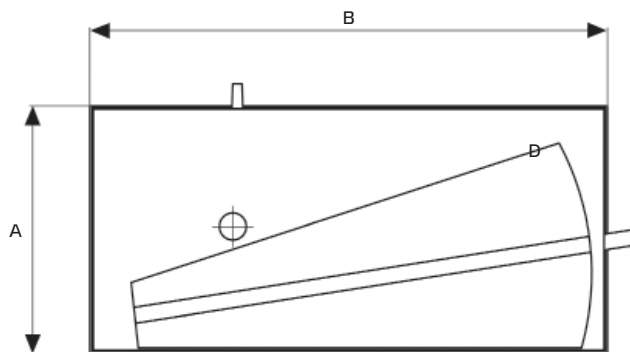

Type	ID	U _{max.} mm	I _{max.} mm	A mm	B mm	C mm	D mm	Weight kg
MAN 01	104226	250	1,0	65	65	57,5	59	0,1

Accessories (Optional):

Climaset Part ID: 111314

consisting of flexible tube, connection fitting and screw

- Pressure sensor with adjustable cut-off pressure
- Range of measurement 50-500 Pa
- P_{max} 10 kPa
- Variable switching limit
- Plastic housing
- Temperature range -20 °C ... +85 °C
- Protection Class IP 54

Type	ID	A mm	B mm	C mm	Weight kg
MAN 10	103587	113	230	37	0,4

Within the scope of supply:

50 ml measuring liquid in PVC bottle,
Constant Temperature -20 °C ... +50 °C
2 angle connection pipes M8,
2 m flexible connection tube from PVC

- Inclined manometer
- Range of measurement 0-250 Pa, 0-500 Pa
- P_{max} 10 kPa
- Housing made of Acrylic Glass

Legend:

I_{max.} = Max. operating current
P_{max.} = Maximum Output
U_{max.} = Maximum Voltage
